## APPLICATION FOR PERMIT

Serial No. 8357

## TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office AUG 15 1927  
Returned to applicant for correction NOV 23 1927  
Corrected application filed NOV 23 1927

The undersigned The Glenbrook Company, a corporation  
Name of applicant  
of San Francisco, County of San Francisco,  
State of California, hereby makes application for  
permission to appropriate the public waters of the State of Nevada, as  
hereinafter stated. (If applicant is a corporation, give date and place  
of incorporation.) Delaware 1926.

1. The source of the proposed appropriation is Spooner Meadows Creek, including all tributaries and the unappropriated waters, normal and flood, within the water-shed of said stream system, near Lake Tahoe, Nevada.

2. The amount of water applied for is three hundred acre feet. which  
is to be stored in a reservoir heretofore constructed by means of Fulstone, as ex-  
plained under Remarks (g).

3. The water to be used for power and domestic purposes.

Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:

By storage or reservoir dam across channel of stream in SE<sub>1/4</sub> of NW<sub>1/4</sub>.

Describe as being within a 40 acre subdivision of public survey, or by course and distance to a section-corner. If on unsurveyed land, it should be so stated.

Sec. 1, Twp. 14 N; R. 18 E.

## IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is \_\_\_\_\_

(b) Description of land to be irrigated \_\_\_\_\_

Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Irrigation will begin about year round and end about Month,  
of each year. Month

## IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is three hundred horsepower.

(e) Works to be located in NE<sub>1/4</sub> SW<sub>1/4</sub> of Sec. 35, T. 15 N; R. 18 E., M.D.

(f) Point of return of water to stream: water will not be returned to stream

but will be used for irrigation of Fray Meadows and adjacent lands below Power house. It will flow directly into the present irrigation ditches of this applicant, and will be used for irrigation under vested water rights, and as provided for in an application to use said water for irrigation purposes, said application being filed simultaneously herewith.

(g) Remarks: The water is to be stored and impounded in and by raising what is known as the Fulstone Reservoir, in Spooner Meadows, in Sec 1, T. 14 N; R. 18 E. Applicant does not waive any vested water rights by this application. Simultaneously herewith applicant files application to impound in the same reservoir, for the same purposes, the waters of North Canyon Creek and of Bliss Creek, and also application to use said stored waters for irrigation purposes.

### DESCRIPTION OF PROPOSED WORKS

Water is to be impounded in a storage reservoir in the W<sub>1/4</sub> of NE<sub>1/4</sub>, E<sub>1/4</sub> of NW<sub>1/4</sub>, NE<sub>1/4</sub> of SW<sub>1/4</sub>, and NW<sub>1/4</sub> of SE<sub>1/4</sub> of Sec. 1, T. 14 N; R. 18 E., in Spooner Meadows, known as the Fulstone Reservoir; it is proposed to raise the impounding dam of this reservoir from 3 to 5 feet, and to store and impound therein the said water, above the Fulstone Reservoir water (if any be therein), submerging whatever lands are necessary, in the subdivisions above listed; from the reservoir the water is to be carried by ditch, flume and/or pipe to power house situated in NE<sub>1/4</sub> of SW<sub>1/4</sub> of Sec. 35, T. 15 N; R. 18 E., as shown by map filed herewith. From power house the water will flow directly into present irrigation ditches of applicant and used for irrigation as above stated; until such time as the power project is completed, the stored water will be conveyed from reservoir through the natural channels of Spooner Meadows and North Canyon Creek into the said present irrigation ditches of this applicant. No vested rights are waived by this application.

The Glenbrook Company, Applicant.
